
Lung Cancer Journal Accepts Case Report Articles

Journal of Lung Cancer Case Reports is a specialized lung cancer journal that accepts case report articles highlighting clinically significant findings in pulmonary and thoracic oncology. Case reports provide valuable insights into rare tumor presentations, diagnostic challenges, novel treatment strategies, and unexpected therapeutic outcomes in lung cancer care. This journal welcomes original and well-documented lung cancer case reports that contribute to improved understanding of disease behavior and patient management. Submissions covering non-small cell lung cancer, small cell lung cancer, advanced-stage disease, targeted therapy, immunotherapy, and multidisciplinary treatment approaches are encouraged. With an open-access publishing model and a structured peer-review process, the journal ensures wide visibility and academic credibility for accepted articles. Clinicians and researchers are invited to submit their lung cancer case report articles to share meaningful clinical experiences with the global oncology community.

Manuscript Submission

Authors are requested to submit their manuscript by using Online Manuscript Submission Portal:
